

The Alliance Center is a WELL Health-Safety rated building. This guide is one part of a 21 part series highlighting the various features our facility accomplishes to make it a healthier and safer place for our occupants and visitors.

DEVELOP EMERGENCY PREPAREDNESS PLANS

FEATURE OVERVIEW

The intent of this feature is to **enable organizations, families and individuals to prepare and respond to diverse emergency situations.**

Creating an emergency management plan for natural, human-caused, technological and health-related emergencies and educating occupants on the plan to support emergency preparedness and response is crucial for community resilience.

HIGHLIGHTS OF WHAT WE'VE DONE

EMERGENCY ACTION PLAN

These documents outline how to best handle natural, human-caused, technological and health-related emergencies.

CONTINUITY OF OPERATIONS PLAN

This internal plan maintains essential Alliance operations during an emergency and identifies mission-critical functions, communication methods and more.

BUILDING OCCUPANT TRAINING

We train and education regular building occupants on emergency preparedness through regular communication and emergency preparedness drills.

BENEFITS

Emergency management plans, including risk assessments, occupant drills and enhanced emergency communications, can help organizations be better prepared to handle unforeseen events, minimize occupant confusion and improve coordination and safety during emergency situations.
